Dear Supporter,

The American Liver Foundation is the largest liver-focused health nonprofit in the United States with 14 divisions nationwide— providing education, support and research to those affected by the over 100 liver diseases.

Since 1976, the American Liver Foundation has been committed to facilitate, advocate, and promote education, support and research for the prevention, treatment, and cure of liver disease. Through our support to the medical and patient communities, we are striving to move closer to a world where liver disease is not only cured, but prevented.

You can help us achieve our mission – by providing a valuable donation to our upcoming culinary fundraiser Journeys. The event will feature over 400 community leaders; 95% having incomes over \$150,000. This will be an exciting opportunity to reach new prospective customers while donating to a worthy cause.
